

ETQA WORKSHOPS JANUARY 2018

PRESENTATION OVERVIEW

- ❖ DHET Registration
- ❖ SETMIS
- ❖ Industry Funded Programmes (Skills Programmes & Learnerships)
- ❖ Qualification review/re-alignment progress
- ❖ Migration to Indicium System

DHET REGISTRATION

- ❖ All training providers have until 30 November 2018 to register with DHET.
- ❖ The initial date was 30 June 2017.

Skills Education and Training Management Information System - SETMIS

Objectives

- To create a credible, integrated and unified view of the skills supply side in the country.
- To improve skills planning to meet the needs of an inclusive growth path for the country.

Implications to Training Providers

- No direct implications to training providers because the current Seta Management System will automatically import the data into the DHET system.
- There are compulsory fields that are required and will be included in the Indicium system e.g. last school attended.

INDUSTRY FUNDED PROGRAMMES (Skills Programmes & Learnerships)

Background

- An Audit finding was raised in the 2016/2017 financial year about the lack of control that the SETA have with these programmes.
- A new process was implemented, it mirrors the SETA funded programmes i.e. submission of a notice of intent, learner registration forms and certified ID copies.

Progress to Date

- There has been a huge improvement in compliance by training providers.

QUALIFICATION REVIEW/RE-ALIGNMENT PROGRESS UPDATE

Background

The ETQA office embarked on a project to review qualifications in the 2017/2018 financial year

Progress to Date

- The following qualifications have been submitted to the QCTO for evaluation.

MIGRATION TO INDICIUM SYSTEM

Background

- The Indicium system is an updated version of the current SETA Management System (SMS).
- The system is compatible with most browser applications e.g. Google chrome, Internet Explorer, Mozilla Firefox, Apple safari etc. as opposed to the current system that is only compatible with Internet Explorer.
- An Internal testing session was held with 5 training providers. Their input has been incorporated.

Implementation

- Training sessions have been scheduled across the provinces.
- Data Migration will be done after the training sessions.
- The Go-Live date will be communicated.

- 1. Questions and Answers**
- 2. Commencement of Indicium System Training**
