INVITATION: ETD PRACTITIONER CAPACITY BUILDING PROGRAMME

CATHSSETA has identified the need to capacitate employers in the sector to improve compliance to Education and Training Quality Assurance practices. The training will assist employers to understand facilitation, assessment and moderation principles and will enable them to monitor the service they are receiving from training providers. The training will also assist employers to apply for accreditation.

CATHSSETA has therefore identified three critical unit standards to reach these goals:

| Unit standard Number | Unit standard Name | NQF level | Credits |
|----------------------|---|-----------|---------|
| 117871 | Facilitate learning using given methodologies | 5 | 10 |
| 115753 | Conduct outcome-based assessment | 5 | 15 |
| 115759 | Conduct moderation of outcomes based assessment | 6 | 10 |

CATHSSETA has appointed Regenesys Business School to implement the training initiative. The programme is open for registration nationally with the total numbers per province indicated below:
