- 2.1 The CATHSSETA is established in terms of the Skills Development Act (SDA). In accordance with the SDA, the Minister of Higher Education and Training published Grant Regulations governing the allocation of SETA levy income in the form of Mandatory and Discretionary Grants.
- 2.2 The Regulations (Government Gazette no. 35940) regulate the manner in which the Discretionary Grants are to be allocated, and they enjoin the CATHSSETA to develop a policy relating thereto.
- 2.3 This document constitutes the policy referred to above.

3. PURPOSE

- 3.1 In line with the SETA Grant Regulations; DHET Guidelines on the implementation of SETA Grant Regulations as well as other directives from DHET, the purpose of this policy is to set out the basis of how the CATHSSETA disburses grants to achieve the implementation of its Sector Skills Plan (SSP), Annual Performance Plan (APP) and national objectives as laid out in the National Skills Development Strategy (NSDSIII).
- 3.2 The policy furthermore aims at;
 - 3.2.1 Ensuring that the skills levy is effectively targeted to meet the skills needs of employers and employees in the CATHSSETA sector;
 - 3.2.2 Articulating how the CATHSSETA aims to achieve national objectives as set out in the National Skills Development Strategy (NSDSIII); and
 - 3.2.3 Informing the CATHSSETA member organisations and stakeholders how Discretionary Grants and CATHSSETA funded projects can be accessed to enhance their participation.
- 3.3 The CATHSSETA will monitor the use of funds and will measure the successful achievement of its objectives by, amongst others, measuring its impact on individuals, enterprises, sectorial development.

5. LEGAL BASIS

- 5.1 This policy is informed and underpinned by the following:
 - 5.1.1 Sector Education and Training Authorities (SETAs) Grant Regulations Regarding Monies Received by a SETA and Related Matters (Regulation No. 35940 of 3rd December 2012 as amended and contained in Regulation Gazette No. 9867 Vol. 570);
 - 5.1.2 The Skills Development Act, 1998 (No. 97 of 1998) Section 10(1) as amended, which aims to provide an institutional framework to implement national sector and workplace strategies to develop and improve the skills level of the South African workforce,
 - 5.1.3 The Skills Development Levies Act (No.9 of 1999) (SDLA), which stipulates the processes for the management and disbursement of funds received as levy income.

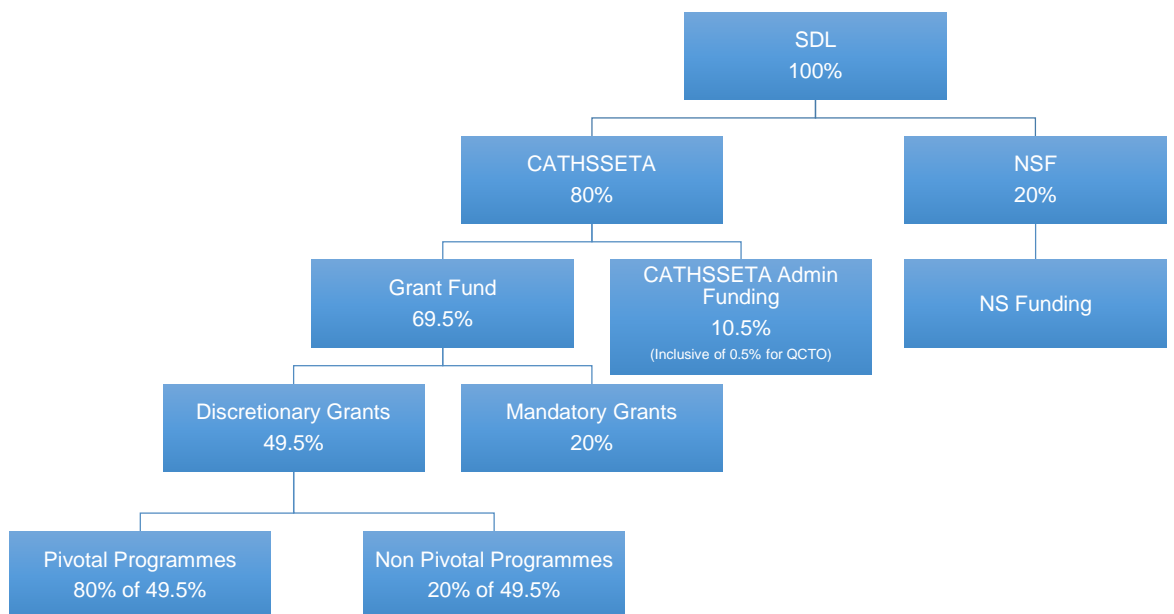

6. KEY PRINCIPLES

- 6.1 CATHSSETA is committed to furthering its SSP, which takes account of national strategic goals as set out in the NSDS III, the National Skills Accord and other relevant national priorities.
- 6.2 CATHSSETA recognises and embraces the principles of transparency, openness, equity, access and fairness in the allocation and disbursement of Discretionary Grants without prejudice to any individual or stakeholder;

- 6.3 CATHSSETA is committed to the promotion of NQF registered and quality assured programmes that address priority Occupational Shortages and Skills gaps (formerly scarce and critical skills) needs as set out in the SSP and the APP, including work integrated learning. Priority will be given to the CATHSSETA accredited learning programmes.
- 6.4 CATHSSETA strives to achieve value for money by ensuring that funds are spent on skills development programmes to meet sector needs.
- 6.5 In order to widen the reach and impact of the Discretionary Grant funding, priority will be given to emerging organisations who meet the criteria set out in the invitation to submit applications.
- 6.6 CATHSSETA is governed by the Public Finance Management Act and the regulations issued in terms thereof. CATHSSETA is committed to ensuring compliance with the principles therein.
- 6.7 CATHSSETA will minimise surpluses at the end of each year.

7. DISAGGREGATION OF SKILLS LEVIES – PERCENTAGES AND TYPES OF GRANTS

7.1 In terms of the SETA Grants Regulations, the levy grant system is allocated as illustrated below:

7.2 In terms of Clause 3 (3) of the above referenced regulations, a SETA must transfer any unclaimed Mandatory Grant funds and any interest earned thereon by 15 August of each year to the Discretionary Grant fund.

- 7.3 CATHSSETA will thus transfer any unclaimed Mandatory Grants and/or unallocated funds from the administration budget to the discretionary fund pool. Any other funds received will also be channelled towards Discretionary Grants.

Administration Costs

- 7.4 The SETAs are limited to 10.5% of the total levies paid by employers to use for administration operations costs which is not part of the 7.5% related to project costs.
- 7.5 In addition to sub-regulation (1), a SETA may use the contributions received from public service employers in the national or provincial spheres of government as contemplated in section 30 of the Act, and relevant national and provincial public entities as contemplated in section 30A of the Act for its administration costs.
- 7.6 From 1 April 2013, a SETA will transfer as part of its administration costs as contemplated in sub-regulation (1) and approved in the annual SETA strategic plan, an amount that does not exceed 0.5% of the total levy paid by the employer to the QCTO for quality assurance functions as contemplated in section 26H of the Act, and the actual quantum of funds to be transferred will be determined by the Minister by 31 July of each year.

Mandatory Grants

- 7.7 Mandatory Grants means funds designated as Mandatory Grant contemplated in the Grant Regulations of 2012, to fund the education and training programmes as contained in the Works Skills Plan (WSP) and Annual Training Report (ATR) of a SETA.
- 7.8 The Mandatory Grant is 20% of an employer's 1% skills levy. A SETA will only pay out an employer's Mandatory Grant if the eligible criterion for payment of Mandatory Grants are met.
- 7.9 The submission deadline for the WSP and ATR is 30 April. Mandatory Grants will be paid quarterly. Any Mandatory Grants not claimed by the 30 June will be transferred into the SETA's discretionary fund by 15 August annually.

Discretionary Grants

- 7.10 Discretionary Grant means the money allocated within the SETA to be spent on Discretionary Grant projects.
- 7.11 49.5% of the levy is allocated to the Discretionary Grants. The Discretionary Grant will fund PIVOTAL and NON PIVOTAL programmes. A SETA is required to allocate 80% of its available Discretionary Grants within a financial year to PIVOTAL programmes in order to address **Occupational Shortages and Skills gaps (formerly scarce and critical skills)** in its sectors.
- 7.11.1 Up to a maximum of 7.5% of the overall Discretionary Grant or seta funded projects may be used for administration or project management cost.
- 7.11.2 Up to a maximum of 7.5% of direct project cost as per signed contracts may be used for administration cost. Administration cost for contracts are limited to Work Integrated learning and Internship projects only.

- 7.11.3 In case where the 7.5% is likely to be exceeded, approval must be sought from the Accounting Authority.
- 7.11.4 Project costs means costs payable for approved projects funded through Discretionary Grants.
- 7.12 The Discretionary Grants are to be used to address the skills needs as set out in CATHSSETA's Sector Skills Plan (SSP) and the Annual Performance Plan (APP).

PIVOTAL Programmes (Minimum 80% of Discretionary Grant Budget)

- 7.13 PIVOTAL is defined as Professional, Vocational, Technical and Academic Learning programmes that result in occupational qualifications or part qualifications on the National Qualifications Framework. PIVOTAL learning programmes include:
- 7.13.1 Learnerships registered on the National Qualifications Framework;
- 7.13.2 Apprenticeships and artisanal qualifications;
- 7.13.3 Skills Programmes (Part qualification), made up of a combination of unit standards that fall within a qualification, with the aim of increasing the skills level of employed and unemployed learners;
- 7.13.4 Work Integrated Learning for TVET and University learners studying for an occupational qualification, who require work experience and learning as part of the qualification;
- 7.13.5 Internships for learners from Universities and Universities of Technology (UoTs) who have completed their occupational qualification and who are seeking a period of workplace experience in their chosen occupation. The work experience must be structured and supervised by a suitably qualified person; and
- 7.13.6 Bursaries to support employees and unemployed learners to take part in programmes that result in an occupational qualification.
- 7.13.7 Preference will be given to learners from public Institutions of higher learning. Private Institutions of higher learning will only be considered if the qualification applied for is not available at public institutions, and there is evidence of such.
- 7.14 In allocating Discretionary Grant funds, the CATHSSETA will prioritise PIVOTAL programmes. The proportion of funds allocated to each of these categories will be determined by the Accounting Authority by taking into account the priorities for the year as set out in the SSP and the APP of the CATHSSETA.

Non PIVOTAL Programmes (Maximum 20% of Discretionary Grant)

- 7.15 Non PIVOTAL programmes are those programmes that are aimed at developing the CATHSSETA sector in accordance with CATHSSETA's priorities, as outlined in its SSP and APP. Non PIVOTAL programmes are a maximum of 20% of Discretionary Grants, as indicated by the diagram above. These include career guidance, sector conferences, sector research, TVET Capacity Building and Public Service Training, development of skills centres and other such non-credit bearing interventions that

impact on the sector skills agenda. Non-PIVOTAL programmes will be funded through Special Projects.

7.16 **Special Projects**

7.16.1 Funding of Special Projects is linked to the NSDS III and CATHSSETA Annual Performance Plan targets and budget. Without derogating from the generality of the above, CATHSSETA shall in funding Special Projects in its discretion disburse funds, covering non-PIVOTAL aspects of the project but seeking to enhance learning or conditions of learning, towards additional items.

7.16.2 Funding of special projects includes, but not limited to the following:

- Research Chair;
- Lecturer development (increase number, improve qualifications and work placements);
- Learning materials (including learning aids, computers, tools, costume or gear, and or special attire);
- Equipment and training material (any other resources used to deliver training, including excursions);
- Infrastructure (including portable resources);
- Development of qualifications and curricula (Including new, or upgraded);
- Career Guidance (events, material and any other support);
- Rural development programmes; Youth Development programmes; and
- Any other learning support intervention that will improve and enhance learning provision – subject to motivation demonstrating relevance.

7.16.3 Over and above the projects mentioned in paragraph 7.16.2, should the targets for PIVOTAL Learning Programmes not be met through the Discretionary Grants funding window, these targets will be funded through Special Projects.

7.16.4 Special Project application shall be received during the Discretionary Grant window, CATHSSETA shall invite interested stakeholders to apply for funding Special Projects. CATHSSETA may also invite applications for financing of Special Projects at any time during the year, including periods outside the Discretionary Grant window.

8. **REDUCTION OF THE CARRY OVER AND ELIMINATION OF RESERVES**

At the end of each financial year, the CATHSSETA shall have spent, or committed through obligations in line with the SETA Grant Regulations, at least 95% of discretionary funds available to it by March each year and up to maximum of 5% of uncommitted funds shall be carried over to the next financial year. It is therefore essential for the CATHSSETA and its stakeholders to work together to put in place contracts as speedily as possible once a grant is approved.

9. DISCRETIONARY GRANTS FUNDING FRAMEWORK

Allocation and disbursement of Discretionary Grants is at the sole discretion of the Board of CATHSSETA. Disbursement of the Discretionary Grant shall be informed by Sector Priorities as identified in the Sector Skills Plan read together with the Annual Performance Plan of the CATHSSETA. Disbursement of the grants must be towards achievement and implementation of the Sector Skills Plan. One or more windows will open in the 2018/19 financial year to ensure the targets are met.

9.1 PIVOTAL Programmes

9.1.1 Discretionary Grant funding for PIVOTAL programmes will be disbursed in accordance with the pre-determined objectives set out in the SSP read together with the APP. Disbursement of funds must be reviewed by CATHSSETA on an annual basis.

9.1.2 CATHSSETA shall allocate at least 80% of Discretionary Grants to PIVOTAL programmes according to the following apportionment:

9.1.3 Funding will be made available to programmes addressing Occupational Shortages and Skills gaps (formerly scarce and critical skills), structured integrated workplace learning and occupational qualifications across all levels within CATHSSETA's sectors through Discretionary Grant windows. The Discretionary grant windows are opened by CATHSSETA 5 months before implementation of the skills development intervention during the respective financial year in order to address the objectives of the APP. Each window will specify the applicable criteria;

9.1.4 Funding will be allocated to national developmental imperatives and implemented through funding among others resources of public institutions; and

9.1.5 Funding will be allocated to Special Projects addressing rural areas, TVET Capacity Building and Public Service Training, strategic government interventions as well as those projects serving immediate NSDSIII transformation goals;

9.1.6 Funding of Pivotal programmes will be aligned to the approved APP targets and Budget.

9.2 Funding Criteria

The following criteria inform the priority areas where Discretionary Grant funding must be directed. It is possible that some Discretionary Grant funded projects will fulfil more than one criteria, whilst others may not. The specific focus within each criterion may also change, based on CATHSSETA APP performance, industry/economic imperatives, Accounting Authority imperatives and/or Ministerial imperatives.

9.2.1 *Entities owned by or projects targeted at designated groups* – projects that are specifically designed for certain designated groups to participate as 100% beneficiaries of the project, or those applicants who represent designated groups.

- 9.2.2 *Entities with capacity to absorb learners into full time employment* –Preference shall be given to those projects with high propensity to absorb learners into the workforce. The large levy payers are more likely to absorb learners into full time employment after completion of the programme. This aligns with the White Paper on Post School Education. It is also considered prudent to support large levy paying entities.
- 9.2.3 *Projects/Applicants in rural or remote or previously disadvantaged regions* the mandate of the CATHSSETA is to develop skills for South Africa. As such, it is an imperative that those projects that target training in remote/rural regions targeted for economic development in line with SIPs. The criteria applied here may extend to where the applicant has their Head-Office, as awarding funds to entities based in a priority region/province also indirectly stimulates economic development. CATHSSETA shall ensure that across the NSDSIII cycle, skills development funds have been representatively allocated across the country.
- 9.2.4 *Projects/Applicants from priority sub-sectors*– the CATHSSETA represents several sub sectors. It is critical that skills development efforts are channelled fairly across all sectors/chambers. Through Chamber engagement, priorities must be identified and allocations aligned to match chamber priorities must be identified and allocations aligned to match chamber priorities and requirements.
- 9.2.5 *Training Providers that have a track record and industry credibility for skills development* – in order to meet its performance targets efficiently, it is important that CATHSSETA partner with reputable training providers who have a reputation for delivery. Through such partnerships, larger sized projects may be funded, reducing the cost and complexity of managing DG projects and also increasing the chances of delivery for CATHSSETA.
- 9.2.6 *New entrants including SMMEs* – affording opportunities to new entrants and promoting diversity. This will reflect fairness and openness of the allocation process and to avoid bias towards the same entities being awarded DG funding. Strategic allocations to SMMEs will be aligned to Government’s prioritisation and advancement of SMMEs as catalysts to achieving economic growth and development. Further preference to SMME’s will help CATHSSETA attain other objectives as laid out in NSDSIII as well as its stakeholders, who are largely small enterprises.
- 9.2.7 *State entities, Government departments, TVETS and Institutions of higher learning* - as prescribed by the NSDSIII.
- 9.2.8 *NGOs, community based organisations and co-operatives* – the NSDSIII identifies these types of organisations/institutions as a priority for SETAs and attainment of the skills development objectives, particularly as these types of institutions represent economic opportunities and access for skills development to the most disadvantaged areas of society. As such, those projects or applicants from these institutions must be given preference.
- 9.2.9 *Projects that align with other national imperatives* – these will vary from year to year based on the socio economic context at the time. Currently, these include

projects targeted at SIPs and those promoting HIV/Aids awareness and prevention.

- 9.2.10 In certain circumstances, CATHSSETA will enter into partnership with the categories of persons / entities set out above. CATHSSETA shall develop a procedure for handling applications for partnership.

10. ELIGIBILITY TO APPLY FOR DISCRETIONARY GRANT FUNDING

- 10.1 The Grant Regulations encourages access to Discretionary Grants to be accessible to all legal persons or enterprises of different sizes (including small and micro enterprises, Non-Government Organisations (NGOs) and cooperatives in the CATHSSETA sector) to apply for any category of grant, or participate in any type of skills development programme.

Where appropriate, subsequent yearly commitments/awards will be related to satisfactory performance, in terms of outputs, verified expenditures, and the approval of future annual activity, future outputs, and spending forecasts.
- 11.6 The applicant needs to ensure that the training provider selected to provide the training is an accredited and qualified provider. The applicant should ensure that the training programme(s) are accredited and lead to a recognized qualification. In instances where training is for a short course, the value and benefit of the training programme(s) to the learner and (potential) employer(s) must be demonstrated.
- 11.7 All applications shortlisted for funding must demonstrate capacity to successfully implement the project proposed. The CATHSSETA will verify that the organisation has the capacity to deliver effectively, efficiently, and in a timely manner through a due diligence process.
- 11.8 The funding criteria, set out in 9.2 of this policy, or as specifically determined by the Accounting Authority shall be applied in the awarding of funds to discretionary grant applicants.
- 11.9 CATHSSETA will determine the relative merits of all applications received in response to the Discretionary Grants advertisement, in a fair and consistent manner.

DISCRETIONARY GRANT

2018/19

EVALUATION PROCESS AND CRITERIA

DISCRETIONARY GRANT ALLOCATION PROCESS

1. DISCRETIONARY GRANT ALLOCATION PROCESS

The following process must be followed when allocating Discretionary Grants towards “Regular” projects. The process is designed to ensure attainment of targets and improvements to overall performance of CATHSSETA in administering Discretionary Grant funded projects.

A 4 step process in the processing of applications received must be followed:

2. Step 1: Compliance

The applications will be assessed to determine if they meet minimum compliance requirements. The following information or documents must be provided:

- Complete application form
- Entity registration documents
- Valid tax clearance certificate
- Acknowledgement of CATHSSETA DG policy
- PIVOTAL plan

Where these are not provided by applicant, at the discretion of the Accounting Authority, requests for submission may be issued prior to disqualifying applicant from proceeding to next step.

3. Step 2: Portfolio calibration and evaluation of application based on pre-set evaluation

Those applications that pass compliance will be evaluated and scored against a pre-set evaluation grid as articulated in *Annexure C* below. The grid will be set to specifically assess applications for demonstrated ability to implement and successfully run the project. This evaluation assesses each application formulaically and ranks the applications based on a mathematical score. The following aspects will be reviewed and scored:

- **Project Implementation Plan:** review to identify strategic imperatives to be met by project e.g. targeting designated groups, collaboration with state departments, training site etc.; detail provided in project plan illustrates that applicant is knowledgeable on delivery of Discretionary Grant funded project; qualifications to be funded are in line with CATHSSETA Discretionary Grant policy including SSP and other strategic areas (e.g. SIPS)
- **Recruitment Plan:** review to assess beneficiaries being targeted; demonstration that pre-requisites for success are in place and little risk of project delays due to learner recruitment

- **Hosting and / or Training capacity:** Review evidence submitted to demonstrate that applicant has sufficient capacity to provide theoretical and workplace training to number of learners applied for.
- **Financial capacity:** Review evidence submitted to demonstrate that applicant can manage an allocation of the size applied for, so as to minimise performance risks post contracting.
- **Proven prior performance:** Review any evidence submitted to demonstrate that applicant has successfully delivered Discretionary Grant funded projects or contracts of a similar nature (This will not discriminate against applicants who have not implemented Discretionary Grants project prior).

Evaluating applications against the above aspects will minimise the risk of non-performance post contracting.

Portfolio calibration - Strategic alignment and APP targets

The allocation process must first and foremost address the strategic imperatives of the CATHSSETA, to the budget available, within the targets (or gaps) of the APP and SSP. The following strategic imperatives have been proposed to the Accounting Authority. These inform the priority areas, where DG funding must be directed. Having mathematically scored each application, further analyses must be conducted to ensure funding is directed and allocated to those projects that also meet any of the below criteria. It is possible that some applications will fulfil more than one criteria, whilst others may not. The focus within each criterion may change from advert to advert, based on Cathsseta APP performance, industry/economic imperatives, Accounting Authority imperatives and/or Ministerial imperatives.

- Entities owned by or projects targeted at designated groups** – Projects that are specifically designed for certain designated groups to participate as 100% beneficiaries of the project; or those applicants who represent designated groups.
- Entities with capacity to absorb learners into full time employment** – Skills development in the absence of employment is a futile exercise. As such, preference must be given to those projects that guarantee or provide high likelihood of absorption of learners into the workforce. The large levy payers are more likely to absorb learners into full time employment after completion of the programme. This aligns with the White Paper on Post School Education. It is also considered prudent to support large levy paying entities.
- Projects/Applicants in rural or remote or previously disadvantaged regions** – The mandate of the CATHSSETA is to develop skills for South Africa. As such, it is an imperative that those projects that target training in remote/rural regions or provinces/areas where government has marked for economic development, for example Northern Cape, are given preference. The criteria applied here may extend to where the applicant has their Head-Office, as awarding funds to entities based in a priority region/province also indirectly stimulates economic development. A role the SETAs must play. It is also critical that CATHSSETA ensure that across the NSDSIII

cycle, skills development funds have been representatively allocated across the country.

- iv. **Projects/Applicants from priority sectors / chambers** – The CATHSSETA represents several sub sectors. It is critical that skills development efforts are channelled fairly across all sectors/chambers. Through Chamber engagement, priorities must be identified and allocations aligned to match chamber priorities and requirements.
- v. **Training Providers that have a track record and industry credibility for skills development** – in order to meet its performance targets efficiently, it is important that CATHSSETA partner with reputable training providers who have a reputation for delivery. Through such partnerships, larger sized projects may be funded, reducing the cost and complexity of managing DG projects as also increasing the chances of delivery for CATHSSETA.
- vi. **New entrants including SMMEs** – Affording opportunities to new entrants and promoting diversity. This will also reflect fairness and openness of the allocation process and to avoid bias towards same entities being awarded DG funding. Strategic allocations to SMMEs will be aligned to Government's prioritization and advancement of SMMEs as catalysts to achieving economic growth and development. Further preference to SMME's will help CATHSSETA attain other objectives as laid out in NSDSIII as well as its stakeholders, who are largely small enterprises.
- vii. **State entities, Government departments, TVETS and Institutions of higher learning** - as prescribed by the NSDSIII.
- viii. **NGOs, community based organisations and co-operatives** – The NSDSIII fingers these types of organisations/institutions as a priority for SETAs and attainment of the skills development objectives. Particularly, as these types of institutions represent economic opportunities and access for skills development to the most disadvantaged areas of society. As such, those projects or applicants from these institutions must be given preference.
- ix. **Projects that align with other national imperatives** – these will vary from year to year based on the socio economic context at the time. Currently, these include projects targeted at SIPs and those promoting HIV/Aids awareness and prevention.

Applicants that have been evaluated in step 2, will be analysed against the above criteria and a shortlist generated. The purpose of this step is to ensure that allocations are made in line with CATHSSETA strategic objectives and not only in line with the SSP and DHET SLA.

4. Step 3: Due diligence

This is a compulsory part of the allocation process in that verification is conducted to shortlisted applicants. This serves to 1) ensure that the operations of the applicant are

legit as physically inspected and verified by Due Diligence official; 2) corroborate initial assessment made in step 2 (evaluation) specifically in terms of operational capacity to train number of learners applied for; and 3) obtain originals and/or certified copies of compliance documents which were submitted electronically. Physical due diligence will be conducted for first time implementers, and telephonic due diligence will be conducted for applicants who have implemented Discretionary Grants in the previous financial year.

As an output of the due diligence exercise each applicant on the Accounting Authority award list will have a complete commercial file containing requisite documentation required for contracting and payments. This optimizes the contracting process and avoids delays with payments of entities during implementation.

Based on the due diligence, a detailed due diligence report is prepared, with recommendations on whether each entity must be awarded an allocation. It is at this stage that the size of the allocation may be reduced, remain the same or increase (based on outcomes of due diligence).

4.1. **Step 4: Preparation of recommendation report to the Accounting Authority**

The recommendations from the due diligence reports are taken into account when generating the final report for the Accounting Authority. The total allocations are analysed against APP targets and further revised. The final report and listing of allocations is generated for presentation to the Accounting Authority.

Transformation and Developmental Imperatives

In selecting beneficiaries, it is essential that CATHSSETA's transformation and developmental imperatives are adhered to. This requires that in any particular discretionary grant window, of all the learners that will benefit from Discretionary Grant funding for that window, at least 60% must be 35 years of age or younger. Where possible, people with disabilities are considered and offered first priority. At least 65% of beneficiaries for that discretionary grant window must be female and 85% should be black (Indian, Coloured and African). At least 45% of selected beneficiaries must come from rural or informal settlements and 55% with a household income of less than R60K per annum.

Bursary Grant Guidelines

1. For the purposes of this guideline, a "bursary" refers to financial support to learners registered for part or full-time studies at an accredited institution in areas identified as Occupational Shortages and Skills gaps (formerly scarce and critical skills) by CATHSSETA (see Annexure E). A "bursary grant" refers to monies paid to institutions to finance the study cost of learners.
2. A bursary grant serves as an incentive to young people to study at accredited tertiary institutions, in areas of Occupational Shortages and Skills gaps (formerly scarce and critical skills) in the arts, culture, conservation, gaming, heritage, hospitality, tourism and sport sector.
3. Levy-paying or non-levy paying organizations may apply for a bursary grant. Learners who have enrolled, or are in the process of enrolling, as full-time or part-time students at any South African University, University of Technology, or TVET College may apply for a bursary (Preference is given to Public Universities, Universities of Technology and TVET Colleges).
4. Bursaries are restricted to learners who have enrolled for qualifications related to the following CATHSSETA chambers:
 - 4.1 Arts and Culture;
 - 4.2 Hospitality;
 - 4.3 Tourism;
 - 4.4 Conservation;
 - 4.5 Gaming and Lottery;
 - 4.6 Sports and Recreation.
5. In order to align with the academic year, the timeline for applications for bursary grants will be as follows:
 - 5.1 Invitations to apply for Discretionary Grants and the CATHSSETA bursary support scheme will be published as per the Discretionary Grants implementation schedule.
 - 5.2 Evaluation of applications will be conducted by CATHSSETA in each Discretionary Grant window.
 - 5.3 Bursary grant allocations will be recommended and approved by CATHSSETA as per the Discretionary Grants implementation schedule.
 - 5.4 Eligible applicants will be notified of acceptance or rejection as per the Discretionary Grants implementation schedule.
6. A bursary will only be awarded if it addresses the Occupational Shortages and Skills gaps (formerly scarce and critical skills) identified in Annexure E. To the extent that a bursary grant application focuses on an area of study not included in Annexure E, a reasoned proposal can be provided in the discretionary grant application motivating for inclusion. This will only be allowed in exceptional circumstances and taking into account the SSP.

7. An applicant must be applying for funding for an accredited CHE, SAQA or UMALUSI qualification.
8. Bursary grant funding is available. The bursary grant funding may be for a one-year course which culminates in a nationally recognized qualification, or as part of a multiple-year qualification.
9. The total value of the bursary amount, for Undergraduate programmes, will be as per the table below:

Level of Study	Maximum Amount per learner
Undergraduate/ NQF Levels 5,6 & 7	R 80 000 for one year
TVET Colleges	R 58 000 for one year
Employed Learners	R 35 000 for one year

10. The total value of the bursary amount, for Post-Doctoral Research, will be determined through an evaluation process that will examine each application on its merits, the proposed contribution to the sector and the availability of discretionary grant funds.
11. A bursary agreement may not be terminated before the termination date of the agreement, unless CATHSSETA approves of the early termination in accordance with the bursary agreement.

Learnership & Apprenticeship Guidelines

1. For the purposes of this guideline, a "learnership" means a learning programme which:
 - 1.1 consists of a structured learning component;
 - 1.2 includes practical work experience of a specified nature and duration;
 - 1.3 would lead to a qualification registered by the South African Qualifications Authority associated with a trade, occupation or profession, and
 - 1.4 is registered with the Director-General in the prescribed manner.

2. A "learnership agreement" means an agreement entered into for a specified period between:
 - 2.1 a learner;
 - 2.2 an employer or a group of employers; and
 - 2.3 a training provider accredited by the QCTO (or group of such training providers).

3. The requirements and obligations arising from the Skills Development Act and Learnership Regulations, as it relates to learnership agreements and learnerships, apply to this guideline.

4. The following principles and criteria are applicable to any stakeholder making a Discretionary Grant application for a learnership:
 - 4.1 CATHSSETA encourages the use of public TVET colleges in delivering a learnership;
 - 4.2 applicants must indicate the skills needed and addressed by the learnership programme in their discretionary grant application;
 - 4.3 where applicable, the employer must demonstrate previous successful learner placement with the company;
 - 4.4 in order to be awarded a grant, evidence of workplace readiness for the practical work experience component of the learnership must be indicated and submitted to the CATHSSETA (this includes the job description for the learner, which should be aligned to the unit standards of the qualification towards which the learner is studying);
 - 4.5 an employer applying for disabled learners needs to provide evidence that they have mechanisms in place to support disabled learners (e.g. occupational therapists and physical resources that accommodates the needs of the disabled learner);
 - 4.6 The learnership shall be implemented within a period of 12 months. A grace period of 3-6 months will be granted to all implementers in order for them to complete the certification process of the programme.
 - 4.7 In the case of death, a death certificate is required; and in the case of abscondment, a termination form is required.
 - 4.8 The ratio of employed learners to unemployed learners in a learnership must be 4:1. That is, for every 4 learner employees there is only 1 unemployed learner. For employers with less than 50 employees a ratio of 2:1 will be applicable; and
 - 4.9 allocation of learnerships will depend on employer size according to the following ratio:

- 4.9.1 large-sized companies (of more than 150 employees) qualify for 1 learnership for every 10 employees;
- 4.9.2 medium-sized companies (of between 50 and 149 employees) qualify for 1 learnership for every 5 employees; and
- 4.9.3 small-sized companies (of less than 50 employees) qualify for 1 learnership for every 2 employees.

5. CATHSSETA will not grant an award for the funding of a learnership where the:

- 5.1 information provided is insufficient to demonstrate the need for the learnership;
- 5.2 learnership application is submitted by a training provider without the employer's endorsement; or
- 5.3 training provider does not have the necessary accreditation and programme approval from an appropriate accrediting body.

6. Employers implementing learnerships for the first time will be fully inducted by CATHSSETA.

7. Discretionary Grants for learnerships will be paid out in the following manner:

	Level of Study	Maximum Amount per learner	Duration
Unemployed Learners	NQF Level 2 & 3	R 52 000 for the duration of the programme	12 months
	NQF Level 4 & 5	R 60 000 for the duration of the programme	12 months
Apprenticeship			12 months
Employed Learners	NQF Level 2 & 3	R 22 000 for the duration of the programme	12 months
	NQF Level 4 & 5	R24 000 for the duration of the programme	12 months
